Foreword .

"The need for adopting and implementing Lean practices as the only means to face the tremendous, forthcoming challenges is greater than ever"

FROM THE DESKTOP OF DR. CARLO SCODANIBBIO AND ING. JOSEPH MICALLEF

Dear Delegate(s),
When is the right time to go lean?

- When things go well (but everybody is so busy...)
- When things start being turbulent (but everybody then fastens seat-belts...)
- When things are really tough (and everybody panics...)

Possibly, this is the last chance of shifting direction for those "traditional" organisations that now experience turbulence, instability and ineffectiveness as never before in their history.

We intend to prove that it is never too late, provided there is appropriate drive by Top Management in getting really leaner.

We **GUARANTEE** that you will leave this workshop with the knowledge and tools to improve the value proposition of your organisation!

Dr. Carlo Scodanibbio and Ing. Joseph Micallef

Event Outline .

This event is a very interactive workshop, an open conference, and a continuous round-table debate, aiming at transmitting basic LEAN MANAGEMENT concepts and principles to attending managers in a practical, hands-on, result-oriented fashion. Effective ways of progressing rapidly from principles to implementation will be illustrated.

Delegates will be requested to present the main problems they are facing in the present recessive times. The appropriate Lean Topic suited to face effectively those problems will then be illustrated. The main Lean Topics covered in this event are:

- **Performance.** Why many private enterprises and public/semi-public organisations don't "perform".
- The key to **World-Class Performance** in all Industrial, Commercial and Business Sectors: **Lean Thinking.**
- The pre-requisites for **World-Class Performance** and for effective **Lean Management.**
- The resistance and opposition thinking to the **Lean** transition.

- **Value Adding Management** in Industry: the pilot light and driving philosophy for the new millennium. Focusing on processes to maximise **value** and eliminate **waste.**
- Deploying **Lean Management** in different industrial, business, and public sectors.
- **Lean Management** and **Technology.**
- Lean, **Industrial Culture:** the heart of **Lean Management.**
- The role of Top Management in "fabricating" and instilling lean culture.
- **Lean Management** and **People.** How to insert people in **value-generating** processes.
- How may Unions contribute to the common, **lean** target.
- **Thinking.** The ultimate resource.
- **Lean Organisation Management.**
- **Implementing Lean Management Organisation-wide:** the **Lean Master Plan.**
- **Social function and open bar.**

Training Grants ranging between 60 and 80% may be made available to eligible enterprises through the Training Aid Framework (TAF) Scheme administered by the ETC. Deadline for Training Grants Application: 27 April 2012.

NB: the onus of enquiring about and applying for Training Grants rests vested with your Organisation.

Timings:

Registration will be at 08:00 hrs, with the Event beginning at 08:30 hrs. There will be a 15min break for refreshments in the morning and the afternoon (at approx. 10:15 hrs and 15:00 hrs respectively) and lunch will be served at 12:30 hrs. The session will conclude at about 17:00 hrs. All timings are approximate due to the interactive and intensive nature of this Workshop.

Ing Joseph Micallef, graduated in Electrical Engineering in 1992, and has been involved in the Manufacturing Industry since 1990. Joseph's career spreads primarily in Malta, but he has been assigned several projects and training opportunities in various countries within Europe, the US and the Middle East.

Dr Carlo Scodanibbio is an internationally renowned Trainer, Speaker and Industrial Consultant with over 41 years of experience in Plant Engineering, Project Engineering, Project Management, Industrial Engineering and Operations Management. Carlo's courses have been attended by well over 16,000 participants.

Who Should Attend This Prestigious Event:

Business Strategists – CEOs/Chairmen – Executive and Managing Directors – General Managers – High-level Managers (Operations, Quality, R&D, Engineering, Plant, HR, Administration, Marketing..) from private enterprises (manufacturing – service and commercial enterprises – project/contract-driven and construction companies) of all sizes and public/governmental organisations, as well as Unions' top-level Representatives.

Owners/General Managers of Small Enterprises (up to 50 employees) will benefit particularly from attending this event.

This event is equally beneficial to top-level managers and directors of all Industrial and Commercial Sectors and of public/governmental and semi-public bodies and institutions (Malta & neighbouring Countries)

Workshop Date:
18th May 2012

Workshop Venue:
The Palace – Sliema – Malta
